

## The ATC code

### General

A

We will always deal in a fair, honest and open manner.

B

We will continue to be a responsible corporate citizen.

### External

A

We want to make products that are the best in the industry. ATC supplies parts that are admired by customers and important to customers.

B

When issues arise, we will place a high priority on a speedy resolution.

C

We make effective use of the latest technology and offer design & development to our customers as they require.

D

We will exchange as much forecast information as possible on an agreed regular basis.

E

We want to offer our customers achievable delivery schedules and then deliver on those promises.

F

We want to be profitable so that we can maintain financial stability, support our growth, invest in new technology and provide an attractive return to shareholders.

## Internal

A

We share as much information as relevant with our people on a regular basis.

B

We will look to develop people to the fullest extent they can achieve, within our company.

C

We want to provide all our people with a rewarding and challenging work experience.

D

If any of our people have problems out of work we will offer support and advice wherever relevant and necessary.

E

We want to have fun in our business, whilst achieving all the above.
